

CCII Other Outputs [as at August 2016]

Blackett, P., Craddock-Henry, N. and Lawrence, J. "Co-producing climate knowledge: New Zealand perspectives and experience". Poster presented at the NCCRF Conference, Gold Coast, September 29-October 2 2014.

Bodeker, G. The Future Extremes website was demonstrated at the Alexandra Community Climate Change Forum, an engagement event organised as part of the Deep Source National Science Challenge, 7 November, 2015 (<http://3c.bodekerscientific.com/>).

Bodeker, G. A report to the Otago Regional Council "Precipitation trends for the Otago region over the 21st Century" which included precipitation output from the EPIC model.

Cameron, M.P., and Cochrane, W. "Population, Household, and Labour Force Projections for the Waikato Region, 2013-2063 (2015 Update)". *Research report commissioned by Waikato Regional Council*, Hamilton: University of Waikato.

Craddock-Henry N. "Irrigation, Economics and Climate Change Resilience in New Zealand Agriculture". Invited Panellist, NZARES Symposium, Wellington, 28 August, 2015.

Kerr, S. Panel moderator "Disasters, Climate Change, and Economic Development". Victoria University Trans-Tasman Business Circle Briefing, June 2016.

Motu Land and Climate Economics Workshop 2016 (30 May) with one half day focused on climate impacts and implications. Various Motu presentations. Over 25 participants from universities, government, CRIs, and business organisations.

Pech, R., Byrom, A., Barron, M., Christie, J., Tait, A., Sood, A. and Rutledge, D. "Innovation story: 'Mega-masts', climate-change and the management of invasive mammals".
<http://www.landcareresearch.co.nz/publications/innovation-stories/mega-masts>.

Rickard, G., Pinkerton, M., Nodder S. "CMIP5 Earth System Models with Biogeochemistry: Model Estimates of Carbon Fluxes and Primary Production for the New Zealand Exclusive Economic Zone". Internal NIWA Physical Oceanography Report, December 2014.

Rickard, G., Law, C., Nodder S. "CMIP5 Earth System Models with Biogeochemistry: Model Estimates of Vertically Integrated Nitrogen Fixation Rate in the Water Column". Internal NIWA Physical Oceanography Report, December 2014.

Sood, A. "Dealing with uncertainties in multi-decadal climate projections: Challenges in the New Zealand region". Poster presented at NZ Meteorological Society, November 2014.

Timar, Levente. "Does money grow on trees? Mitigation under climate policy in a heterogeneous sheep-beef sector". *2016 Motu Working Paper* 16-09.

Turner, K. The Future Extremes website was used as part of a course at Victoria University focused on Climate Change, 2016.
